

Prada Nargesa S.L is a company specialized in the development, manufacturing and distribution of innovative industrial machinery.

Therefore, Prada Nargesa S.L develops and implements an Innovation Management System in accordance with the requirements of the UNE EN ISO 56001:2024 standard, and adopts this Policy, which reflects the commitment to:

- Comply with the requirements of the UNE EN ISO 56001:2024 standard and pursue the continuous improvement of the Innovation Management System through systematic actions of measurement, monitoring and analysis.
- Align with the strategic purpose of Prada Nargesa, as well as with its Innovation Objectives. These objectives will be established annually within the framework of the continuous improvement process.
- Comply with applicable regulations, especially those directly related to intellectual and industrial property, as well as with the commitments undertaken through agreements and partnerships with research centers collaborating with Prada Nargesa S.L in innovation activities.
- Promote an innovation culture among all personnel by fostering motivating work environments that encourage and stimulate the generation of ideas and innovative practices, embracing risk and recognizing creative contributions. Likewise, promote the internal dissemination of generated knowledge, thus creating an optimal environment for creativity and scientific discussion.
- Encourage, among company professionals, continuous improvement and management efficiency, as well as the search for business opportunities that meet the new demands of customers and society in general. In this way, strengthening those innovations that generate added value for customers, employees, other stakeholders, and society as a whole.
- Promote training and learning as the only means to participate in projects of research, technological development and innovation. Strengthen technology surveillance activities that enable Prada Nargesa S.L research teams to identify research questions and needs in their field of work, leading to new projects that contribute to improving the quality of life of citizens.

The Management of Prada Nargesa S.L is committed to providing the necessary resources to ensure the effective maintenance of the implemented Innovation Management System.
